Hailing from this seemingly hopeless place is Rob Gold. A young producer/rapper poised to take the hip hop world by storm. "I come from the home of the blues" states Gold. "Black music as we know it originated in these cotton fields." The pride he has in his home state is evident when he speaks. Although he is proud he admits his career began in New Orleans. That's where he met former No Limit Soldier TRE 8. After becoming Tre's protege Rob was featured on several albums and mix cds around N.O. He was also featured on New York City DJ 1/2 Pint's Hot Raps compilation featuring the likes of Bone Crusher, Baby D, Lady Luck, and Lil MO. Gold Recently relocated to Houston, TX and released his debut album Windows 2 a Soul, which will one day be a MS classic. With veteran New Orleans artist Tre 8,Lil E and Code 6 holding down feature appearances,and So So Def/Trackboy Entertainment's chart topping artist J-Kwon contributing, Windows 2 a Soul has a Major Label appeal. Mississippi should be proud. robgoldworld.com
