LISTENING: Mood Music, WORLD: Western European Details: Sergio was born on November 18, 1982 in a country with heavy religious persecution, the Ukraine. To study music in a proper school was unheard of. As a result, he never had the opportunity to learn how to read music, and therefore learned to play by ear. Moving to America in 1989 has had a great effect on Sergio in that he has the opportunity to pursue his dream. Since Sergio's first record release in 1999 he has released four records and produced five more, started hosting his own talk show SergioTalk SergioTalk and has established his own record label Wisdom Records Inc. WisdomRecords.org Sergio has performed at various venues, which includes the famous Grove Park Inn. He has also performed with such artists as Anointed, Israel New Bread, Tonex and has been on stage with Michael W. Smith.
