Glam-Rock with a Gothabilly vibe. 11 MP3 Songs ROCK: Glam, ROCK: Goth Details: This is the 2nd release from "The Barbarellatones", and it is a little surreal! Singer/Guitarist Robbie Quine from the glam-goth band "Sex With Lurch" is breaking the rules again by mixing dark-psychedelic glam-rock with campy, B-movie Sci-Fi themes, kind of a musical pop-art. Robbie goes for the strong songwriting wholeheartedly, and if you like early Bowie and the Velvet Underground, you'll love "The Barbarellatones!"
