Blues rock, Americana and a touch of Classic Rock stirred up with powerful vocals and signature guitar lines. 13 MP3 Songs BLUES: Rockin' Blues, ROCK: Americana Details: Seven years ago in the company of my dog and my guitar, I left my home town and headed for New York City. Since then I've survived two bad record deals, lived in several cities, been down countless highways, seen the birth of my son, slept everywhere from pool table tops to five-star hotels and made a lot of great music with a lot of good people, most of which became my friends. All of the songs on this CD were written and recorded in the last seven years all over the country with many great musicians, and I finally realized if they were ever going to get heard I was going to have to do something about it myself. So here they are and I hope you find something you like. Zak Perry Austin, TX 2002
