Howard Lipman, was just a high school graduate accepting a job with a local bank. How could he know the women who worked there, would be sadistic and bent on making his life a nightmare? It would continue to haunt him many years later, and his desperate search for help, would lead him through one disaster to another. Will his quest to find happiness end with a smile, or will Howard be thrust into more degrading situations, that he's never known before. Be careful what your desires are, because they may turn your world inside out! Will Howards small problem of masturbation, put him in harms way, with no way out? Can he take another round of being a puppet to untold numbers of dominant females, who love nothing more than to see Howard suffer? Find out where Howard turns, and see if they turn on him!
