Clickbank Promo Tools Generator

DOWNLOAD HERE

Clickbank Promo Tools Generator user manual The first time you will attempt to use the software you will be asked to register your copy of the software. Just fill your name and primary email address and you will be given the registration code immediately. This step is vital because this is the only way we can notify all clients of this product on new versions and updates. Now, into using the software The short version: You will be asked 14 questions, just fill the relevant details by answering this questions and upload your generated script file to your web server. Then point to this generated file as your affiliate tools page and thats it The long version: Here is a description for each question you will be asked while you are in the software screen: Question 1: What is the title of your affiliate program page? Here you should fill the name of your product or website and usually add the wording Affiliate Program . Below you can see where this title will display on your webpage: So if the product name is Viral List Generator then you should fill something like Viral List Generator Affiliate Program . Question 2: URL of your header file? Here you should fill the absolute URL (web address) for your header file. So if your header file is located at : yourdomain.com/header.jpg then this is what you have to fill on question 2. Question 3: Affiliate commission percent? What is the affiliate percent you offer to your affiliates for every sale of your product? Use only numbers, like 35 or 50 without the character. Question 4: Your product name? What is the name of your product? (easy one) Question 5: What is the full price of your product? Question 6: Commission per sale that the affiliate will get? What is the final sum of the commission your affiliate will get for every sale? Use only numbers, like 25 or 45 without the $ character. Question 7: Your Clickbank Id (Nickname) Not much to explain here Question 8: What will be the final name of your affiliate link generator page? Decide on a name that you will give to your affiliate promo tools webpage and fill the name here without any URL information (This name is the name that you will use also when you will finish all the steps and questions on this software.) So, if you decided on a name like affiliates then you should fill affiliates.php on this question. Question 9: URL of your promo tools large banner image? Here you should fill the absolute URL (web address) for your large banner file. So if your large banner file is located at: yourdomain.com/largebanner.jpg then this is what you have to fill on question 9. Question 10: URL of

your promo tools small banner image? Here you should fill the absolute URL (web address) for your small banner file. So if your small banner file is located at : yourdomain.com/banner.jpg then this is what you have to fill on question 10. Question 11: URL of your product ecover or ebook cover? Here you should fill the absolute URL (web address) for your ecover or ebook cover file. So if your ecover file is located at : yourdomain.com/ecover.jpg then this is what you have to fill on question 11. Question 12: URL of your homepage? Simply fill the full URL for your main homepage (like yourdomain.com) Question 13: Your Email address? Fill your support email address or any email address you want your affiliates will contact you Question 14: URL of your footer image? Here you should fill the absolute URL (web address) for your footer image file. So if your footer image file is located at : yourdomain.com/footer.jpg then this is what you have to fill on question 13. In this point you will get this screen: Click the Save to PHP button And you will get the next screen: Fill affiliate.php in the File name: field (Remember: This is the name we decided to give to the generated file back in question 8) and click the Save button Go to the place where you just saved the affiliate.php file on your hard drive, locate it and upload it to your web server (using your FTP program or your hosting control panel file manager application). Next, point to this file as your affiliate promo tools page (like yourdomain.com/affiliate.php) Thats it you generated your affiliate promo tools pageCongratulations Tags: mrr
