

Here, And Always Has Been - Kenneth Craigside

If homosexuality is the result of biology then gay inventiveness had to have led to wild sexual adventures during every era of human existence. Here, And Always Have Been is a collection of thirteen erotic tales. Each takes place at a different era ranging from the prehistoric through the middle of the Twentieth Century. These stories have been researched to the point of plausibility in terms of language and events, yet are inventive in ways both exciting and sensual. In other words, we've had fun throughout time!
