

Mp3 Bionic Brit - A Perfect Day

The sound of bionic brit stretches from cute pop with the older stuff they made to the more dirt punk rock sound of the new releases. The melodic aspect should always stand in front. Relate it with Placebo, the older U2 or even the German Beatsteaks. 7 MP3 Songs POP: British Pop, ROCK: Modern Rock Details: bionic brit, which are Cord Buehring (vocals,guitar), Matthias Pages (drums) and Hitte Luetskemueller (bassguitar) all based in Braunschweig/Germany formed in the late Summer of 2001. Cord sang and played guitar for the Rockbands "amandlou" and "Gayboys in bondage" (no comments on this one, please!) whilst Hitte was giving his deep and groovy Bass to the funky "Scam" and the heavy "Liberty Belle". Matze drummed for the "Mapens" and "Missing Link", a well known Punkrockband which former members formed up to "Kettcar". With all of the influences they had and the amount of experience they collected it was magic that BIONIC BRIT gave birth. Cord, whose strong emotional vocals catch the ear and heart, found it a privilege to express himself by using the german as well as the english language. It gives a delightful taste to the lyrics and even literally changing from one to the other leaves the listener in a knowledge that there is no difference between the emotional depths eitherway. Matze has been drumming since he was a kid and it is an experience to watch him. He is definitely in love with what he is doing. Last but not least Hitte! You shouldn't miss the groove that this guy gets out of his bass...he is tremendous. Mixing all this together you are listening to the melodic, unstoppable, elementary sound of BIONIC BRIT.
