Soon after creating - "You Make Me Want To Cry", i began to write a second

track entitled, "Love Is What You Need", and with the assistance of producer Freddy "the Edit" Rivera, brought the track to life. the track appeared on A.V.P. (Another Valentin Production) Record's Freestyle volume #5 (Hot Productions cd#33260-2). the track entitled, "You're the Love of My Life" (produced by Artie Rodriguez) is featured on Bad Boy Joe's The Best of Freestyle Megamix vol.#5 (Freestyle's New Generation vol.#3-disc two). stay tuned because there is more Freestyle music to come. i hope that everyone enjoys the cd that i have put together myself as an independent artist! thank you all for the support!
