A return to real musicians with real stories to tell in an adult, genre-morphed, always fresh, rock and roll style. 11 MP3 Songs ROCK: Roots Rock, ROCK: Classic Rock Details: Cousin Eddie was created as project for four midwest USA musical veterans who traded the 80's/90's club tours for families and day jobs. What has emerged is a unique musical chemistry and energy between friends who also happen to be very accomplished players. Vowing to never again play a cover song that didn't bring their passion to the surface and writing/recording their own creations, they defy classification but always bring the "good times" atmosphere with them! With the release of their first original 11 song cd "\$.99 Buffet", and their everchanging covers always paying homage "Ed-Style to great songwriters and musicians from all edges of the rock and roll genre, Cousin Eddie has become a froth-filled, smile inducing experience for all that come into contact with them !
