[DOWNLOAD HERE](#)

This is, perhaps, De Luna's finest CD yet, it is music influenced from many parts of the world, with a relaxing feel, and a yet a mellow groove. It is an original collection of harp music, with some added recorder, Native American Flute and percussion. 10 MP3 Songs NEW AGE: New Age, JAZZ: Smooth Jazz

Details: This Cd is dedicated to those who have lost and are suffering from war and hate crimes. This is my most recent collection of original compositions with harp, recorder, Native American Flute and some percussion - Dumbek, frame drum and conga, with Julie Corey and Phyllis Iris. This Cd has some selections with nice mellow groove, along with some beautiful harp solo's to lift your spirit.
