Relaxing Original Piano Solos 14 MP3 Songs EASY LISTENING: Background Music, CLASSICAL: Contemporary Details: Pianist/Composer Deb MacNeil began playing the piano at the age of 15. With only two years of piano lessons and no "formal" musical training, she'll tell you that her musical abilities are definitely a "gift". Deb began writing her own piano music in November, 2003, at the suggestion of her oldest son (and fellow musician) Brian. Her "tunes" are soothing as well as emotionally stirring....solo piano music from her very heart and soul...music that is inspired by the people and events in her life..... "Seasons of Life" is Deb's 2nd C.D., preceded by "From The Inside Out", recorded in the Spring of 2004. She has just put together a 3rd album, "Reflections", which is a collection of her favorite tunes from the first two C.D.'s, as well as a few brand new pieces.....get it now through CD Baby!
