Hullabaloo is farm-fresh, free-range organic kid-folk. 12 MP3 Songs KIDS/FAMILY: General Children's Music, KIDS/FAMILY: Kid Friendly Details: Hullabaloo is farm-fresh, free-range, organic kid-folk in a genre filled with musical Twinkies and Ding-Dongs. Dont get us wrong (and please dont sue us Hostess Foods Inc.), Twinkies and Ding-Dongs are great (in small doses). But, after a while, you need something with a little more substancesomething that wont induce an insulin coma. Here at Hullabaloo World Headquarters (the back corner of Steves moms garage), we like to say Were putting the music back in kids music! because, until recently, its been a pretty sad state of affairs. A lot of parents raised on rocknroll have a hard time down-shifting to singing dinosaurs and hamsters and, frankly, we dont blame them. Were proud to be part of a growing number of artists that have found a way to honor and entertain kids without making their parents want to jump out of a moving mini-van. Steves a folksinger and a songwriter and Brendan is a long-time rocknroll drummer so, youll hear traces of twang, funk, rock, folk and blues in our songs. We play the time-tested favorites we all grew up with and we write songs that make kids laugh, think, sing, dance, clap and stomp their feet.
