A sudden mind blowing event involving horns. 11 MP3 Songs WORLD: World Beat, ROCK: Adult Alternative Pop/Rock Show all album songs: Instant Classic Songs Details: Instant Classic is the debut of space city supergroup Jambolism. A cool seven years in the making, Instant Classic boasts some of Houston's most soulful and creative musicians. Irresistible songs with horns resonating from every corner are the trademark of this loose and pensive album. Jambolism circumnavigates the globe to bring it home to Texas. The brainchild of Local sax legend Todd 'Skeets' Winegar, Instant Classic can be thought of as a greatest hits album or as Skeets calls it a "greatest misses album". Skeets has played with several influential bands such as; The Buddhacrush, Small Craft Advisory, Potroast, Groove Jones and Dr. King Cobra and the International Tribe. Skeets was also the founder of the Monday Night Percussion Circle at Instant Karma and certainly drew much inspiration from those all but endless jam sessions. Now the West Texas Wind is back with eleven songs ranging in styles from soca to reggae to countryrock and beyond. Also present on the album are: Joseph Jackson, Tom Jenkins, Teri Greene, Eddie Hawkins, Patrick Brink, Marcos Melchor, Dru Rey, Baba Alafia Gaidi, Dr. King Cobra, Pauline Knox, Lori Russell Al Pagliuso, Gavin Sanchez, Jeremy Horton, and lady Vee. So brace yourself for the brass, lose yourself in the textures and find yourself in the rhythms of Jambolism's Instant Classic.
