

Mp3 Jolof Groove - X-over

[DOWNLOAD HERE](#)

The title refers to the ability of Jolof Groove's music to cross over musical and cultural boundaries. With X-over, Jolof Groove creates a unique blend of modern Pop-Rock and African music with Funk, R&B, Latin and Jazz 10 MP3 Songs WORLD: African, ROCK: Jam-band Details: Jolof Groove built its musical foundation by merging modern Pop and Rock music with ancient African influences, such as the Jolof beat also known as "Mbalakh". The Jolof beat is characterized by an accent on the second beat that is the signature of ancient music from the Jolof Kingdom (culturally one of the most influential Kingdoms that existed in Senegal). This accent on the second beat when played on African rhythms (6/8) or Modern rhythms (4/4, such as Rock and Pop) gives a unique and powerful groove which provides strong rhythmic foundations for captivating melodies with influences from Africa, America, the Middle East, and Europe. The title of Jolof Groove's first album, "X-over", summarizes the underlying philosophy of the band, namely to bring different cultures together through music and create a new groove that is accessible to everybody, regardless of their cultural and musical backgrounds.
