Juan Zarzuela, also Known as "Zarzuelita de Jerez" in the flamenco World, is at the head of a new generation of young flamenco singers for the 21st century. Juan Zarzuela, like his young comptemporaries, is first of all a clasical flamenco singer. He sings the old songs respecting the centuries-old orthodoxy of flamenco traditions. But Juan also seeks to advance the musical possibilities of flamenco in relation to other kinds of music, other sounds. This is Juans contribution: his respect for the clasical "cante grande" of flamenco, but also his willingness to mix the traditional and enrich it with new sounds.
