

Mp3 Mark Salona - Instruments Of Flight

[DOWNLOAD HERE](#)

Contemporary instrumental songs featuring guitar and piano melodies. A fusion of light jazz, easy listening, Latin and new age. 14 MP3 Songs EASY LISTENING: Instrumental Pop, JAZZ: Contemporary Jazz Details: Instruments of Flight is the second cd from musician and composer Mark Salona. This sophomore release is a fusion of light jazz, easy listening, new age and latin. The guitar and piano melodies are fresh, light and breezy. Purely instrumental, this is a great CD for listening to while at the office or at home relaxing. It is also appropriate for advertising or movie/television use. Mark Salona is a full-time composer and musician. He works from his studio in Delray, Florida. He specializes in original works using a variety of instruments ranging from the guitar and piano to more exotic instruments such as the kyoto or the water drums. Mark is currently working on an original score for a 90-minute theatrical production scheduled for performance in the spring 2008. If you would like more information about Mark Salona or his music, please contact him through the Salona Music website at marksalona.com.
