NEW AGE: New Age, NEW AGE: Healing Details: From Patricia Diane Cota-Robles, President, New Age Study of Humanity's Purpose, Inc.: "Omashar's music stirs the heart and awakens the senses to the joy of the New Heaven and the New Earth. In these unique times, his music is a breath of fresh air."

Omashar is an accomplished singer/song writer and workshop facilitator who has traveled the world extensively throughout the past decade. He now lives on the Island of Kauai.. Born in England, he learned from an early age classical piano. Moving from there to New Zealand, he joined the soft rock/pop arena. Throughout his stay in New Zealand he learned of the power and majesty of Mother Earth, the importance of family, both personal and global, and of the seed of spirituality running through all life. Accepting an invitation to a spiritual gathering in the US changed the focus of his musical creativity to connecting consciously with Spirit, with the essence that animates all life. His music, which he terms 'Metaphysical Pop', celebrates the connection of all life and the journey that we all take in our own time, home to ourselves. His personal experience has been translated into his music, and also into the transformational seminars that he facilitates/co-facilitates. To date he has been blessed with working with some of the planet's foremost visionaries, leaders and teachers. He has appeared on New Age television and radio programs in the US and has performed/presented in many countries on every continent at major global spiritual/New Age gatherings. Wherever he travels he is enthusiastically received and praised for his gloriously uplifting music, his beautiful voice, his warm humorous approach and deeply loving presence.
