A diverse combination of musical genius, introducing the talents of an outstanding group. 12 MP3 Songs  
ROCK: 90's Rock, POP: Today's Top 40 Details: The "Paper Family" came together by the determination of a very talented artist; Jrocc. He's a talented rapper/ songwriter who gives an outstanding performance. Jrocc produced several songs on this CD, along with producer/songwriter Shadow Black, who has done an outstanding job for Jrocc, creating a new sound in hip hop; different, with a lot of flavor. Jrocc writes his own lyrics as well as produce beats for his diverse sound. Jrocc started out through the mixtape seen; rolling on every beat as if it were made for him to lay tracks over. While developing an audience in the streets, he was putting together his original music and establishing his new label the "Paper Family". This new artist has a very promising future and has much to offer. The CD titled Paper Family Volume 1 is just one of many CD's to be released by Jrocc through the Paper Family. You will be hearing more from this label very soon. This first album introduces the producing style of Shawdow Black for Paper Family, not the solo artist. Also, be one of the first to have their gear.
