The Byrds should consider this download. Details: Washingtons DCs Secret Pop Band is pleased to announce the release of their debut album, Pardon the Solar Interruption. Ever the consummate rock historians, the Secret Pop Band (SPB) respect rich rock-n-roll traditions without ever resorting to cliché. From the Superchunk-esque rock of Sundays Hard Rock Falls, the neo-power balladry of Listening to the Tiger, to the pure-pop of Week Old Beer, the SPB delivers hook after hook with a mixture of humor, brevity and heart. The SPBs concerns are those of the common pop fan girls, music, outer space and mortality. They understand. Tune-in to the Secret Pop Band this summer and catch a buzz!
