Americana, Alt. Country, Country, Rock and Roll 11 MP3 Songs COUNTRY: Country Pop, ROCK: Americana Details: 11 songs, Rock and Roll, Country. Fun, Sad, Outrageous. Bar band-y. Intimate. Most of these songs were written and recorded on the road. On tour buses. In hotel rooms. In random studios around the country. And at home in the living room This is a record of songs written by Ted while he's been out on the road playing bass with Shooter Jennings. Most of the songs were written with Nashville co-writers. So a lot of these might be a little closer to 'mainstream country' than Ted's other records. It's all part of the experiment and challenge of Music Row and Nashville: walking the fine line of writing in ways that are accessible and commercial, but also have depth, and heart, and soul. A lot of the co-writers are very well respected and have written numerous hits for many different artists. They have all walked the line Ted is walking here, and they've all become good friends. Enjoy.
