Code Name: Newbie Launch Success Jeff Dedrick LAUNCH: Secret Article Converter Jeff launched his Secret Article Converter earlier this year with a very impressive list of launch partners. In this one-of-a-kind interview, you will learn... The items you must plug into your calendar before a launch, and how not having them in the right place can suck dollars out of your pocket like a Rainbow vacuum on steroids. The one big secret that Jeff (a complete newbie at the time) used in his first product to get high powered affiliates to push his launch. One simple method Jeff used to capture thousands of potential customers even before his launch. Insider's tip: Jeff forgot about in this one "little detail" in his launch that could have doubled his sales. The "big screw-up" that cost Jeff 16 hours on launch day -- and how it could have been avoided so easily. The one item on your launch list you should never skimp on -- and why Jeff will always go overboard on this. How to throw away over 30 of potential sales...and how this mistake was discovered 2 months late. A simple technique that doubles sales on every launch...new information uncovered during this interview! Right about now, if I were you, I'd be wondering how much

this coveted information costs... Well, first let me ask you this: how much is it worth to be sure your Product Launch will be successful? Put another way... if one tip or idea from listening to this interview would make you an extra \$10,000, \$20,000, or more...would you pay \$1,000 to know that information? IF YOU WERE SURE? Of course you would... ... and of course you're smart enough to know this interview isn't going to cost \$10,000 or even \$1,000. You won't have to pay anywhere close to that, and in fact, you'll pay a lot less. Tags: plr, mrr
