A ethereal luminous story. 9 MP3 Songs EASY LISTENING: Adult contemporary, POP: Pop Show all album songs: A New Horizon Songs Details: [A New Horizon] is coming in my life and I feel that this album explains a lot that has been going on. And though in (A Cloudy Morning) to (Concourses Of Angels) a pain seems to linger with me and does hurt a voice I feel from within fills my soul to where pain is tolerable as I feel Im coming out of years of bondage with my schizophrenia. In the song (Ethereal Peace) I say (I hear the words of a spirit speak to me). Because with my disease I have delusions and hallucinations that involve my senses that generate cognition of thought where I might be found with strange and unusual behavior. But in the midst of this I found a spirit that speaks peace and sense. And as I was (Born To Push Through) while beholding an (Angels Breath), I thank the good spirit which I call my Father in (A Prayer To My Father) thus I feel I have a (Heart Of Hearts). And Im (Feeling Great!) because I feel Im on the right path. While burdens get taken from time to time and sometimes not. I feel Im (In The Groove) or onto [A New Horizon]. I hope you like my project, Christopher K. G. Hagadone
