A raw, honest and majestic album with buzzsaw guitars, liquid keys and a rhythm section linked by blood. 8 MP3 Songs ROCK: Jam-band, ROCK: Progressive Rock Details: Brash, brazen and unapologetic, EBLEND's fearsome foursome is made up of Dave Perrett, Charles LeBel, Rich Bjorklund and Chris Bjorklund all of Connecticut. Well...metaphorically speaking anyway, EBLEND (pronounced e-blend) formed in late 2001, has through the years stumbled all the way from its rocky start of dopey verse-chorus-verse ditties to the eclectic and fun strangeness of the present day. There is a volatile yet enticing chemistry among the four young musical warriors, each too restless and brimming with individual vitality to settle and stagnate into a completely unified musical vision. A push and pull that simply works. And at the very heart of it all, something that is truly fresh.
