we love to rock we hope to relate that to all thru this new prodject.To date we are still working on more live shows in the future.This Cd is the beginning of a new direction for the band,some of this music may be a suprise to some we hope you still love 10 MP3 Songs ROCK: Hard Rock, METAL: Alternative Metal  
Details: Let me tell you about this new album.First its very agressive and less laid back then are first cut.Second we spent more time in the studio since we were finaced and had more money,the mix is better.Third its a rocking album from real message songs like (just hold on) to Hard grooveing tracks like (feeling this way) this Cd has it alot of feel to it and less digitized sound on the vocals.I hope everyone enjoys this Cd Its really relatable and i hope that transposes well thanks in advance for youre support and purchase Sincerly (everlife)
