Details: "Fine Time consists of the two chameleonic musicians Tom Time (Drums, Percussions, Synths, Sequencing a.o.) and Phil Fine (Guitar, Bass, Samplez, Synths and Vocs). From time to time some guest-musicians like the gifted young songstress Charlene and "Mister Bubbleizer" TooFaze from the bands Last Equinox and Jeff Stryker and the Cumshot Snypers join the band. To pigeonhole Fine Time is an almost impossible mission. Their repertoire stretches across New Wave/Age, Electronic-Body-Music, Ambient Sounds to the point of Reggae-rhythms. A sound that has not been heard since the 80's. They mix modern sequencer-sounds with samples and conventional instruments like drums/percussions, guitar or bass-guitar. The musical results of this fusion are absolutely unique. The whole thing is rounded out by ambitious, political and sociocritical lyrics, which seemed to be extinct since the 70's. An innovative project, which clarifies the change of the music-biz."
