The perfect cross between underground hip-hop and stylish jazz. 26 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Trip Hop Details: The more you know the more you grow, right? That's H2's perspective in his debut release "ElevatorMusik". Starting to produce at the age of 15, H2 spent hours and days working to perfect his craft in the art of producing, DJing and sampling. His hard work paid off after various forms of internet exposure helped him become known as an underground phenom. Labeled as a "beat prodigy" or "a man beyond his years", H2 has always been one to go back to the roots of Hip-Hop and Jazz - keeping things soulful and fulfilling with crisp breaks over soulful samples. If there's one word H2 identifies himself with, it would be the word 'unique'. With an unchallenged sound, 26 tracks of instrumental "Adult-Swim esque" music and a vision for the rebirth of the real, H2 plans to change the way we all think about elevator music.
