A true ska-reggae album that satisfies. 11 MP3 Songs WORLD: Reggae, ROCK: Ska Details: BACK BY POPULAR DEMAND!! KICKIN UP IN THE NIGHT 3rd edition You can now enjoy the album that started it all for Liquid Cheese back in 2000. The Mike Major-engineered album charms with songs like Chunky Chunks and the strutting title-track about night-crawling. Instrumental Ska Boss boasts good musicianship by the eight-member group, while the frantic Goonass is proof of how tight Liquid Cheese can play. I Said Nothing, a track wonderfully delivered by lead vocalist Sam Sullivan, sounds eerily like some lost song So-Cal greats Sublime were ment to record with Brad Nowell.
