Details: MaryJet is a soloproject by Mariette Hansson who is an independent artist/composer working out of southern Sweden. She has participated in many different music constellations and songwriting groups in the past 8 years. Among others, she has cooperated with Murlyn Music in Stockholm and the cooperation resulted in some of her work being included on Amy Studts debut album (artist from England), as well as a contribution to the soundtrack of Swedish film Sandor/Ida. For a few years she played with the free music group Isildurs Bane (IB) as a guitarist and singer. In this group she was included on a European tour, an album, and a DVD. Together with Mats Johansson of IB she released the EP "Songs from the Observatory" (2005), on which Mats and Mariette have contributed equally to music and lyrics. She has now found her artistic track, so to speak, and has just finished recording her debut album. The music of MaryJet is created with great feel from right from the heart. It's magnificent, moving, beautiful, breathtaking, ambient pop/rock with some symphonic elements... She been working with producers Mats MP Persson (Tits&Ass Studio) and Rickard Bengtsson (Sweetspot Studios) as well as some fantastic musicians. Her new single Mary-go-round will be released 14/7-08 and the album In this skin will be out in October. Find out more about MaryJet, visit [maryjet.com](http://maryjet.com)
