Eclectic, cabaret, soulful new folk that shakes and moves! 10 MP3 Songs POP: Folky Pop, FOLK: Folk Pop Details: Megon's debut album on her own Sirius Records label features some of her best songwriting ("Painless Love," "If Love is a Dream", " Dreams of Deep Water") to date. Her own version of the Beatles tune "I'm Lookin' Through You" and Michael Smith's "Luck of the Rodeo" are also nicely done. "I love this CD, if I do say so myself. And, thanks to producer / arranger Steve Rashid, instead of mere folk songs, these songs blossomed. There is a little something for everyone on this CD. It's a nice, eclectic mix" - Megon "Megon can still charm the birds out of the trees with a voice that, like her songwriting, has only improved over time." - Chicago Tribune
