Delightful Messianic Jewish music that will warm your heart and give your children something to dance to. 10 MP3 Songs KIDS/FAMILY: General Children's Music, SPIRITUAL: Praise Worship Show all album songs: Enter My Rest Songs Details: Nancy Santiago is a Messianic Jewish musician and composer from Minnesota whose unique original tunes have delighted adults and children alike for many years. These songs were written with her own children in mind as she desired to teach them the Jewish roots of their faith in Messiah. As believers in Jesus come to appreciate the Jewish roots of their Christian faith, they often look for music that will not only entertain, but teach them some of the fundamental basics of the faith that the very first believers in Jesus walked in. Nancy has captured these age-old truths in a way that is understandable and heartwarming for adults and children alike. Produced by Rick Coghill of the Messianic group Lamb, this album will touch your heart and be a blessing to your children.
