Trip hop and experimental tracks that take you to another dimension. 10 MP3 Songs ELECTRONIC: Trip Hop, ELECTRONIC: Experimental Details: Progenitor is one man, Justin Hess, who is on a mission to take the electronic world by storm. Initially the founder of such projects as Loop Malfunction, Justin has had many years to build up his credibility as an artist. Influenced by such artists as The Smiths, Duran Duran, A Tribe Called Quest, Run DMC, Underworld, Fatboy Slim, and Depeche Mode, his music is just as diverse as his tastes. Such tracks as 'Saint Elmo's Phire' and 'Starching The Mind' have done quite well in the MP3 charts, claiming spots in the Top 40. The new full-length project is entitled Graveyard Lullaby, and has just been released through Decipher Records. Please help support the project by purchasing one, it really means a lot.
