Easy Listening / Mood Music/ with Live-band Production 10 MP3 Songs EASY LISTENING: Soft Rock, KIDS/FAMILY: Kid Friendly Details: About The Artist My name is Rebecca. I am fourteen years old, and I have been recording for four years. I am into tennis, computers, biking, reading, sleeping, drawing, writing, animals and lots more. My favorite pastimes are instigating, hanging with my home girls, (Peace Alex and Kimmy!) And almost everything else I do! I am a funny girl-next-door type, who takes life one day at a time. Some of my friends like me because I am crazy and have a good personality, or thats what they say. (TCHA!) Or they dont actually know why they like me and have put up with me for as long as they have. I won't deny it, because Ill get into an argument with my friend Hayley about it (dont say debate!), but I can be a very annoying person sometimes. I get a kick out of making people laugh. I used to get grounded a lot, but my mom finally figured out that it doesnt work on me! Id have to say that irritating my sisters is my favorite thing to do when I am bored. If you can believe it, I am actually very fond of writing. I write songs, poems and stories. I have found that reading as much as I do, makes me able to write a lot better, then if I dont read at all. So usually, I will pick up a book of some sort and just read for a bit. Then I will begin writing. I would like to thank God, for all the help he has given me. I couldnt have done it without your guidance and inspiration! Thanks to my dad who is the best dad in the world. He custom built the studio (MotorMouth Project Studio Ltd) to help me to achieve my dream of becoming a singer. Thanks to my family and friends who have supported me throughout making this album. You guys are the greatest! Thank you to the following: Musician Friends / Artists: Jordan Latau, Chris Palmer, Mike Lefebvre, Jay Bennet and Steve Beaulieu and Kaitlan Cavan for helping out with the music in my songs. And a special thanks to my manager, Mr. David Gallant for promoting me and getting me started in my career.i,am also working on my first music video production and my second album

which i hope to be Releasing sometime next summer, and thanks to all the people who have been looking at my release here at cdbaby and thank you to cbbaby for letting me be on your site. God Bless you all.
