URBAN/R&B: Contemporary urban, URBAN/R&B: Soul Details: WHO'S SHE? Born in San Francisco, and raised in and around Los Angeles, CA, the dynamic and soulful SHE is blessed with a full five octave range. SHE received her vocal training from the Berklee College of Music, and Cal State Los Angeles, and started out doing musical theatre, TV film, and did various studio session projects. SHE shines during a live set, and prides herself on delivering a dazzling, and engaging performance. In her own words: "my current influences are all from within, but I do admire the work of Adriana Evans and Jaguar Wright, growing up, my influences were Teena Marie and Chaka Chan. Those singers from back in the day had the chops, stage presence, and a strong artist identity. I listen to a lot of music across the board, but mostly R&B, Soul, and Hip Hop". SHE SOUL is this Los Angeles natives' debut independent release, and with her career and music "in her own hands" you'll be glad she's doing her own thing. Together for the first time with writer and producer Armand Tulumello, "SHE SOUL" is a creative labor of love. This team has "DEFINED A SOUND" that's all it's own, crossing genres and generations!
