We cut out some of the images and used them to make nice gifts for relatives. Thanks again!" - Karyn Erickson "I

teach 4th grade. These printables are great for our Winter Holiday themed activities, and because I can print out an unlimited supply, I have enough for all the children in the class! One of their favorite activities is coloring in the Gingerbread Man image. The kids really had a wonderful time personalizing him with different colors and designs! Great job!" - Mrs. Eileen Sharcross "My six year old daughter loves to decorate for Christmas and this year, she INSISTED that she decorate her bedroom for the holiday as well. We printed out these coloring pages, and, by the end of the afternoon, her room was covered in brightly colored Christmas images! Now she is eager to decorate our bathroom with them too! She's having a blast!" - Mary D. Bello Save Money & Time! What makes Christmas Printable Coloring & Crafts different from a regular coloring book I could buy at the store? Pages can be printed as needed, as many times as needed. A regular coloring book you can only use once. Not so with this ebook format. You can print out enough copies for all of your children. No more fighting over the book! So, just save the pdf file to your computer or a cd and use it again & again. Great for parties, at home, or in the classroom. Because they are printed on separate sheets of paper, you never have to worry about those torn edges you get from regular coloring books when you rip them out for display. These look a lot neater hanging on the fridge! They are also much easier to work with! Many times, children only want to color certain pages of a coloring book, leaving many pages going to waste. With this pdf of coloring pages, print only what you want, when you want! If a child "messes up" coloring and wants to do it again, it's no problem! Just print out another. This pdf of coloring pages is also tailored for those who like to do craft projects. Many of the images are very suitable for coloring in and then cutting out with scissors. You don't have to wait for your coloring book to be shipped to you and you don't have to go to the store and purchase one. It will be delivered to you within seconds of purchase via internet download! How Do I View and Print Thanksgiving Printable Coloring & Crafts? All of the images are in black & white and are ready to be colored in. If you have a printer (just a black and white printer will do!), you are ready to print these wonderful coloring pages. Please note that upon viewing the images on your computer screen, the images may appear fuzzy or incomplete. This is because we've optimized the images for print only. Please rest assured that the actual pages are sharp, clear, and crisp upon printing. You can print the pages on regular copy paper (8 1/2 x 11), or any paper of your choice. All images should turn out beautifully. (To achieve the "feel" of a regular coloring book, consider using recycled copy paper!) You can even print on both sides of the paper if your printer has such functionality, which will save you paper if you so desire. The total file size is

relatively small considering the number of pages you get, and you need Adobe Acrobat Reader to view the file. This file should print flawlessly on almost any operational printer. Should you have any trouble opening or printing the pdf file after purchase, please contact us and we will work quickly to assist you. BONUS WITH PURCHASE: MASTER RESELL RIGHTS!
