

Inside America's Concentration Camps: Two Centuries Of Internment And Torture - James L. L. Dickerson

Exploring the history and tragedy of concentration camps that were built, staged, and filled with adults and children under the orders of the U.S. government, this vivid narrative brings the stories of victims and flaws of American government to life. Beginning in the 1830s with the imprisonment of Native Americans, this investigation details the camps that reappeared during World War II with the round-up of Japanese Americans, German Americans, Italian Americans, and Jews fleeing Nazi Germany, as well as more recently during the Bush administration with the construction of new concentration camps in Cuba. The moving personal experiences of those imprisoned in the camps, including accounts of how the U.S. government removed children of Japanese ancestry from orphanages only to replace them in camps, are revealed within this eye-opening history. Both heartbreaking and inspirational, this authoritative record of survival suggests a call to action for those who read it. Author: Dickerson, James L. L.
