

Midi Lab: Funky Jazz Cuts (midi Loops)

[DOWNLOAD HERE](#)

'Funky Jazz Cuts' is the latest addition to Smash Up The Studio's "MIDI Lab" range of products. A range that has already pushed the boundaries of musical MIDI far higher than any of its competitors. This pack is no exception and contains probably the most skilled keyboard work and musical arrangements available as MIDI today. Jazzy, funky and bluesy are all terms which describe perfectly this top end pack of MIDI Construction Kits by Smash Up The Studio. Seriously high level keyboard performances all played live, excellent musical arrangements, gorgeous chord progressions and soloing. 'Funky Jazz Cuts' consists of three tracks / songs, each broken down into separate instrument loops. All parts were performed live, nothing copied and pasted or looped. As a result of this you end up with many different musical variations for each instrument. The tracks also incorporate different musical sections including bridges, mid sections, drops and solos etc, each covering many chord progressions. All three kits have been chopped into mainly 8 or 16 bar MIDI loops so the user can arrange the tracks completely to their own requirements. Some may wish to pick out a few cool chords and build their own groove, others may wish to re-create our tracks in their entirety, this is completely down to the individual and we have included a reference MP3 for each kit. There are MIDI loops for bass guitar, electric piano, clavinet, organ, synthesiser, vibes, flute and also professionally arranged strings and horns. Each kit is key and

tempo-labelled, although with MIDI the editing permutations are endless, you get to choose your own sound, pick the tempo or key, even change the notation and groove if you wish. Fantastic! ABOUT THE DEMO: All of the musical parts you hear in the demo are available as MIDI within the pack. The drums are not included. CONTENT: - 3 MIDI Construction Kits - 169 MIDI loops in total - Total Pack Size: 20.7 MB (unzipped) - Royalty-Free - Produced by Steve Burton
