piano based smooth jazz 9 MP3 Songs JAZZ: Jazz Fusion, JAZZ: Bebop Details: The Chris Ho Band is a hot L.A. based group of best friends. The compositions are fresh, new and original works by Chris Ho, leader and pianist. The PICASSO BLUE cd charted in the top 40 of the national GAVIN REPORT and received great reviews in JAZZIZ, L.A. Music Scene and KEYBOARD MAGAZINE. PICASSO BLUE shows a more real jazz or straightahead side of the bands sound. It has fiery latin,up tempo jazz, some fusion and haunting ballads. Wayne Wayne is featured on saxes and flute. His playing has been described as "stellar" on several reviews! Dr. Matt van Benschoten plays all the basses including a Carruthers electric upright and Bossa 6 string basses. His lyricism and powerful rhythmic sense is legendary. John Balbuena lays the grooves down on many of the tracks and is not a bad soloist in his own right! One of Chris' favorite keyboardists, John is also a great friend and family man. There are 5 drummers on this cd including David Renick (original band member), Ralph Penland, Gary Q. Wing, Tony Lewis and Dan Potruch. All give stunning and memorable performances!! Special guest Karen Briggs is on Women In Art playing the violin. She has also worked with Yanni and Stanley Clarke! The version of PICASSO BLUE here at cdbaby is on RHOMBUS RECORDS. This is a limited edition, so buy your copy now!! The Chris Ho Band has other cds on MERRIMACK RECORDS also. In fact, MERRIMACK carries all of the Chris Ho catalogue!
