Acoustic driven trio w/ vocals, jazz/blues-influenced, eclectic singer/songwriter stuff. 9 MP3 Songs FOLK: Modern Folk, ROCK: Acoustic Details: Welcome to my CD acousticness. This is grass roots music all the way. I wrote most of the tunes, played and sang all the tracks, recorded and produced the entire project myself. The music is eclectic ranging in style from the sloppy blues feeling of Rainbow to the funky rhythms and somber vocals of Orange to the pseudo-classical style of Pardon Goddess (written, along with Sigh No More, for Flint City Theatres flintcitytheatre 2001 production of Much Ado About Nothing. But I digress. Beat Time and Lost In The Shuffle were both written by my brother Rick, a major influence on my artistic sensibilities.
