Described by critics in Moscow, London, San Francisco, Paris, Los Angeles and Tokyo in ways such as "bathes you in aggression", "subdued bludgeoning" and "the premier coldwave band of our time." 5 MP3 Songs METAL: Industrial Metal, ELECTRONIC: Industrial Details: If the success of an artist can be measured by the influence of that artist then Artificial Hell by Enclave is an incredibly successful body of work. This fusion of electronic, ambient brutality has influenced coldwave, hardcore, black metal, industrial, noise and grindcore bands on four continents. Enclave has refused exploitation in practically every possible way and has made this limited second run release of Artificial Hell available only after countless requests.
