High energy contemporary gospel cd with song intro narrations from various pastors. 23 MP3 Songs
GOSPEL: Contemporary Gospel, GOSPEL: Traditional Gospel Details: No one like you: More like no one like Gerald Cassanova He is not only a dreamer, but also a doer. No One Like You is his fourth album of original music written and produced by the visionary himself. What makes Gerald different? This high school assistant principal by trade and musician by passion, is not afraid to roll up his sleeves, and work for his dream. For Cassanova, there is no chord that goes un-explored, no style that goes un-expressed. That integrity for the pursuit of musical expression is what makes this new gospel album pop from the CD and jam in your ears. While No One Like You is the latest project from Gerald, it maintains tradition of excellence and creativity that you find in his three prior albums. This album takes the listener on a melodic journey through some of the major events in the Bible. Not only is this a spiritual journey, but it is also a rare journey into the hearts of several local pastors, as they narrate the various tracks. With a voice akin to Luther VanDross, and a combined unique style of traditional gospel, funkadelic R&B, and energetic Hip Hop, this contemporary piece will engage the most eclectic listener. No One Like You will encourage you, comfort you, and challenge you to strengthen your relationship with Christ.
