Details: PETE, 7 song EP All vocals and instruments performed by Greg Pope. _____ "Greg Pope had arguably the best power pop album last year with Pop Monster. Well, the follow up is finally here with the "Pete" EP. And like Pop Monster it still has those wonderful layers upon layers of heavy guitar, evidenced by the opener "Fall into Your Arms." The melodies continue to evoke Badfinger, The Who, Led Zeppelin, Guided By Voices and his last band, Edmund's Crown. I could be picky and mention that the vocals are a bit overshadowed by the guitar work, so figuring out the lyrics aren't that easy. The fact remains that every song here is simply brilliant and I am ready blast this music on my car stereo this summer. In other words, Pete is a most worthy follow up to Pop Monster -- and just as impressive. I don't really rate EPs in a top ten at the end of the year, but I'm ready to declare this the best EP I've heard so far." -Powerpopaholic.com #1 Artist/CD of 2008 -AbsolutePowerpop.com "Solid, original power pop of the highest order!" -Jeff Shelton, The Power Pop Show
