An infectious collection of new songs filled with the intense awareness that life is beautiful because of its trials. 5 MP3 Songs POP: Folky Pop, ROCK: Adult Alternative Pop/Rock Show all album songs: \*afterbloom Songs Details: Jodi (with an i) steps into a full band role with \*afterbloom; an infectious collection of new songs filled with the intense awareness that life is beautiful because of its trials. From the determination found in Let You Out Again... Im glad I didnt take what I was handed, cuz lve been wrong before and I swore Id never settle for less than I deserve, to the quiet absolution of Just Let It Go... If there was something that I knew how to do to make it easier for you to stay I would, this ep shows her versatility as both a singer and an honest songwriter. Ive always said that music is the constant truth. Its allowed to grow, this time into a full band, but at its core, every song is still me, with a guitar, on my couch, writing about what we all go through. That simplicity is translated, with the guidance of Baltimore producer, Steve Wright (Wrightway Studios) into a followup to her acoustic debut, Paper Dragons (05) that is lush and intimate.
