

Mp3 Katie McCroskey - Your Place Or Mine

The songs I like are the ones that swing...whether it's a western swing, a jazz swing or a classic 40's swing...toss with the blues, throw in a touch of cowboy, and there you have it. 11 MP3 Songs BLUES: Rhythm Blues, JAZZ: Swing/Big Band Details: I made some reel-to-reel recordings in the 70's in Concordia, Kansas in a guy's kitchen. Sang harmony with myself to Gordon Lightfoot and the like...This is nothing like that. In the 80's a bunch of us sang played around a campfire a few nights and a friend tape-recorded it. Pretty cosmic, actually....this is nothing like that. But that's where this came from. And because it came from those places, it's seasoned. Seasoned with rhythm that pulses as flames around a campfire. Seasoned with an aroma that is at once clouding and clarifying. Seasoned with joy for its own sake. But it's not so deep, really. Just pretty darn fun music, swingy and bluesish and kinda catchy.
