Acoustic blues with vocals. 11 MP3 Songs BLUES: Acoustic Blues, BLUES: Blues Vocals Details: I FIRST WOULD LIKE TO SAY VOL.1 IS NOT VOL.2... SO DON'T EXPECT VOL.2 TO SOUND LIKE VOL.1. The only constant between both projects are that they both consist of honest music and do not stick to any one category. All aspects of both projects no matter how edited, unedited, or exagerated were purposely done to specificly encourage the listener to listen, and the appropriater to hate. I didn't and still don't want to be an independent agent...But I always would like to be independently honest with my art. ALL PRAISES TO GOD THROUGH THE LORD JESUS CHRIST, I GIVE THANX TO GOD FOR EVERYTHING!THANX TO MY PARENTS FOR ALL OF THERE LOVE AND SUPPORT.
