As you probably know, adding testimonials to a sales page can be a highly effective way of increasing sales. Testimonials provide credibility to your business, by showing that other people have bought your products or services before - and are happy with the results. In order to get customers to give you testimonials, you need to make it as easy as possible, which means providing a simple form where customers can submit a testimonial. "Testimonial Collector" provides a quick and easy way to set up this type of testimonial submission form automatically. Your customers simply fill in their details and click the Submit button. They can include a photo, by clicking the Browse button to select the photo file on their

PC. The form will then automatically upload the photo file to your web server. The software is template based, so it will match the look and feel of the rest of your site!
