Facebook Squeeze Page App PRIVATE LABEL RIGHTS INCLUDED! Heres A Quick Way To Start Your Own Facebook Fan Page Business & Start Making Custom Fan Pages! How many times have we heard the phrase, The Money Is In The List??? ...Probably a GAZILLION times!? Well, the reason you hear that so many times is because...ITS TRUE. The money IS in the list. Look at any of the big names in this industry...most ALL of them have one thing in common...and that is, they have a HUGE mailing list. The beauty of having a mailing list at your fingertips is so that you can blast out an email at night and then the next morning you wake up to hundreds (if not thousands of \$\$\$). The money truly is IN THE LIST. But How can I build an email list from Facebook? Weve responded to them by saying that having Likes is similar to having an email list...because you can still blast out your own products to that following or other peoples products. HOWEVER, generating an email list can translate into even more \$\$\$s for you...not only that, it grants you full control and ownership of your fans/subscribers (something Ill talk about more here in a sec). I knew I had to make it simple for people to build an email list from Facebook. ...and thats

what lead me to creating this powerful new Facebook app. Introducing... Squeeze Page Facebook App

This little facebook app allows you to QUICKLY and PAINLESSLY set up Squeeze Pages within your Facebook fanpage... ..and NO - this is NOT difficult to use. Its extremely user friendly...even a toddler could do it! :-) ...the low introductory price for this app is going to increase - and FAST. So to get locked in at the lowest price, click the Add To Cart button. Likes/fans on your Facebook fanpage is still a VERY valuable asset and it can bring you some nice passive income. However, its still a very good idea to move those Likes to something that YOU control: In this case, your OWN email list. What if Facebook were to step in and take ownership of your Facebook fanpage? (this has happened to a lot of people that arent careful) ...you would lose all of those fans that you spent time, sweat, and money trying to get. For that reason, I HIGHLY recommend moving your fans to an email list at some point. Not only to protect yourself from losing your following, but also because having TWO ways to contact your followers is only going to put MORE money in your pocket! ...think about it. Now you can blast the same offer to your subscribers/fans through two different modalities... Thats some sweet DOUBLE EXPOSURE BABY! Did I Mention That This Is The ONLY Facebook App That Allows You To EASILY Split Test Squeeze Pages on Facebook!?! ...thats right. The ONLY one. Imagine being able to pick your winning squeeze page on the FLY. Youll be able to quickly kill your loser squeeze page and focus your efforts on the winner squeeze page. ...This alone will ultimately get you MORE bang for your buck. Youll spend the same amount on Facebook ads while getting BETTER results because of this powerful little Facebook app. Facebook is massively HUGE and its growing at a rapid pace. More and more Internet Marketers are realizing the power behind Facebook. The quicker you can build an email list from Facebook, the better. This app allows you to do just that. I hope Ive given you enough information to allow you to make an educated buying decision... Thank you! _____ Visit My Store For More Deals!!!
