Teach Me Music is one of the top downloaded albums on iTUNES for Ipods! Donated to the LECH WALES A EDUCATIONAL FOUNDATION in Poland for worldwide education and youth leadership. Children learn through music! I am an educator helping families jumpstart their children's' education through the power of music and helping them build closer bonds as family. Children with music in their surroundings at a very young age, are tested to be more intelligent, more social, happier and better in Math, English and the sciences. Listen to Crystal Rainbow! This is a great Gift Idea for expectant mothers, parents and grandparents! Toddlers love this CD as well as preschool and primary. Get a JUMPSTART on education for your child!!!! When I grew up I learned the ABC's to the melody of Twinkle Twinkle Little Star. Gosh, that didn't make much sense, so I wrote "Ickily Boo Doo" which not only has the letters of the alphabet (ABC's) but also the SOUNDS of the alphabet creatively in a song. What FUN! This song is great for ESL students! "Man in the moon" was written for my nephew who was afraid of the dark until I introduced him to the moon one summer night. All little ones love this song as it calms them at bedtime. "Rock n Roll Manners" teaches manners, and choice, which is a valuable lesson, besides which its fun to dance to with your adult friends! "Crystal Rainbow " is just exquisite as it brings together a beautiful melody as well as instructions for learning to make rainbows with a quiet peaceful mood. Teachers use this for calming children down as well. And they use rainbows in their classroom "Me Siento Llena De Vida " (I feel full of Life!) Fun Spanish style song which lets kids

know that when there is nothing more to say.....Me Siento llena de Vida! "Morning time" is about waking up, washing, getting dressed and doing chores...its morning time my favorite time its morning time today From Bren to all: I had a great time recording this CD and working with the two talented children (Andrea Parrino Sebastian Morton)who sing with me. Many thanks to my musician friends Harry Mello, Jim Keefe and Armando Rosales who contributed their talent for children to learn and to make this CD possible Thank you all for your commitment to the future of our children and their education through music.
