DJ Soledad Rosas, 2004 Teen Power Radio KZSC 88.1 FM Santa Cruz, CA. Large shows ooze with the same kind of intimacy that most artists are only able to emulate in smaller settings. It's not very often that a solo acoustic/electric artist can perform back to back with full multi genre bands. Jessica does. And, when she does people stay and, they get up and dance. Jessica finds it amazing and inspiring that quality radio stations have picked up songs from a self-made, self-promoted, CD recorded in house without a budget. "Everyday Girl", "Not Cinderella" debuted on the air and continues playing on national and international radio. Songs appear in film soundtracks and on television. Jessica says, "It just goes to show you that people do have a mind of their own and they do know a great song when they hear it, even when the songs are not presented on a silver platter. People can be smarter than marketing. Don't talk down to them." Jessica has been formally trained - music, voice, dance, acting, CU Boulder College of Music something about scholarships. As well as David Taylor Dance Theater, summers at Pennsylvania and Milwaukee Ballet including soloist opportunities. She has even performed for an ex-president. Jessica likes being in the moment, topped off with a sip of organic soy milk or clean filtered water. Besides, no one knows when the past will be forgotten or rise to haunt you. So, she does here and now with what she's got and that's how she keeps on going. To the surprise of many; Whose self-promoted and homemade Debut CD plays on radio across the USA, Europe, Canada and Australia? Is it the girl who relies on the Internet for light? "Dahmn Straight" (also the title of her upcoming sophomore CD) it's Jessica Burks that "Everyday Girl" (title of her Debut CD).
