R&B, Pop, Hip Hop, Soul 12 MP3 Songs URBAN/R&B: Rhythm Blues, HIP-HOP/RAP: Hip Hop Details: A singer/songwriter since the age of 16, Patrick presents a sound that is unreserved, each note filled with gripping passion. At a young age, local talent show opportunities near Patrick's hometown of Eden, NC began to create a platform for him to perform at larger venues on the east coast. After much encouragement from radio personalities to put out an album, Patrick released *Complex Simplicities of Love* in 2002 under his co-founded independent record label, True2Life Entertainment. After selling out the entire stock in a matter of months, Patrick began working on his full-length album. The author of numerous songs, Patrick writes his own material while working in tandem with True2Life Entertainment's in-house production team and associated producers to create music for other artists. Patrick's debut album captures his early roots in gospel and classical music, while showcasing his pop and hip-hop cultural influences.
